### FEATURED BENEFITS

- ☑ *S blade with Luster Guard™ ribbed surfacetexture is the lowest luster UV stabilized turf yarn in the industry. These microscopic ribs eliminate the shiny mirror effect that makes artificial grass look like plastic.*
- ☑ *S-Blade yarn system takes durability to the next level! It's fiber wear was tested at 50,000 cycles (50,000 cycles= 20 yrs of wear). This Lisport test gives a visual indication on how a synthetic turf system will age in time.*
- ☑ *The ribbed blade also eliminates weak points in the fibers creating unprecedented split resistance.*
